

CLUB MODULAR LAYOUT

The club's portable modular layout is an attraction at many venues around the area, including fairs and local train shows.

Kids are always attracted: Here is the layout at a recent showing at the Loveland City Library.

Guests are always welcome!

THE NORTHERN COLORADO MODEL RAILROAD CLUB

During the COVID-19 virus pandemic
all club meetings will be virtual.

WHAT IS THE NORTHERN COLORADO MODEL RAILROAD CLUB?

Thank you for showing interest in the NCMRC. Our hope is that you will find a club that not only tries to conduct educational and informative meetings, but also places a strong emphasis on member interaction. The NCMRC was formed over 40 years ago by individuals who were interested in model and prototype railroading.

CLUB ACTIVITIES

NCMRC plans a wide variety of activities including:

- [MONTHLY MEETINGS](#)
- [LAYOUT TOURS](#)
- [PROGRAMS & CLINICS](#)
- [MODELING CONTESTS](#)
- [ANNUAL CLUB PICNIC](#)
- [NEWSLETTER](#)
- [CLUB WEBSITE](#)
- [DVD LIBRARY](#)

MONTHLY MEETINGS

NCMRC Meets the fourth Thursday of each month except Nov. & Dec. (third Thursday) on a round robin basis between Fort Collins, Loveland, and Greeley. Meetings start at 7:00PM.

Fort Collins: Harmony Presbyterian Church, 400 East Boardwalk Drive

Loveland: First United Methodist Church, 533 Grant Avenue

Greeley: Colorado Model Railroad Museum, 680 10th Street

LAYOUT TOURS

Many Saturdays following a club meeting one of our members will open their home to current club members for a layout tour. Layout tours are one of the club's most popular activities.

PROGRAMS & CLINICS

Every month the club offers the membership a program related to model railroading or prototype railroading. Several times a year the club offers the membership two to four mini-clinics dealing with various aspects of modeling.

MODELING CONTESTS

Each November the club has its annual contest. There are usually six categories for competition including the best of show.

TRAVELING CLUB LAYOUT

The club has a traveling modular layout designed to take to local and regional events. The layout has been designed for operations, but it is primarily used to promote both the club and the hobby of model railroading.

CLUB PICNIC

During the summer the club holds its annual picnic. During the year the club tries to pick an activity or field trip that is of interest to most of the membership.

NEWSLETTER

The club publishes a monthly newsletter called the "*DISPATCH*" that includes information on all club activities along with numerous model and prototype articles.

CLUB WEBSITE

The club has a very extensive website containing lots of information related to the club and its numerous activities. Members can create an account to access restricted areas of the website. The website is one of the club's best educational and informational tools.

VIDEO LIBRARY

The club has a very large and extensive DVD library on railroads and modeling. DVD's can be reserved and checked out at most club meetings.

SHOW & TELL

We conduct a Show N' Tell as part of most meetings. This is an opportunity for members to show and explain their modeling skills and research work.
